

AMIT RAJPUT

Software Development Engineer | Full-Stack (MERN & Scalable Web Architecture)

Indore, India • +91-9109265673 • amitrajput98267313@gmail.com • Portfolio • LinkedIn • GitHub • LeetCode

PROFESSIONAL SUMMARY

Results-oriented **Software Development Engineer** with deep expertise in architecting and deploying scalable full-stack web applications using **JavaScript (ES6+), React.js, Node.js, Express.js, and MongoDB** alongside **C++ and Python**. Proven track record in designing resilient RESTful microservices, implementing stateless JWT & Role-Based Access Control (RBAC), and optimizing NoSQL database schemas with aggregation pipelines and compound indexing. Strong algorithmic foundation with **200+ DSA problems solved** on LeetCode/GFG and 3+ live production deployments.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), C++, Python, SQL, HTML5, CSS3
Frontend Engineering:	React.js, Redux Toolkit, Context API, Tailwind CSS, Responsive UI Design, Component Lifecycle & Optimization
Backend & APIs:	Node.js, Express.js, RESTful Architecture, Stateless JWT Authentication, RBAC, Middleware Architecture, Postman
Databases & Cloud:	MongoDB (Mongoose ODM / Compound Indexing / Aggregations), MySQL, AWS (EC2/S3 basics), Vercel, Git & GitHub
Core Computer Science:	Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

PROFESSIONAL WORK EXPERIENCE

CodSoft — Full-Stack Developer Intern

Jan 2026 – Feb 2026 | Remote

- Architected and deployed an end-to-end recruitment web portal connecting job seekers and corporate recruiters on the **MERN stack**.
- Implemented secure **stateless JWT authentication and Role-Based Access Control (RBAC)** to protect candidate records and private recruiter workflows.
- Engineered and tested 15+ RESTful API endpoints using Postman with structured request validation schemas and centralized error handling middleware.

KodBud — Software Engineering Intern (Full-Stack)

Mar 2026 – Apr 2026 | Remote

- Engineered dynamic property listing, filtering, and booking microservices for the **Stayora** platform using Node.js, Express.js, and MongoDB.
- Integrated asynchronous REST contracts with React.js client state, optimizing UI rendering cycles and reducing perceived page load times.
- Implemented compound database indexes across high-volume metadata fields, accelerating complex multi-parameter search queries.

FEATURED ENGINEERING PROJECTS

Stayora — Full-Stack Accommodation Booking Platform

[\[Live Demo\]](#) [\[GitHub\]](#)

- Architected a full-featured booking platform with real-time property inventory search, dynamic multi-attribute filters, and verified review systems.
- Developed modular RESTful APIs using Express.js and Mongoose ODM handling user profiles, property listings, and reservation lifecycles.
- Optimized database schemas using MongoDB compound indexing, achieving sub-100ms response latencies on complex search queries.

HireFlow — Recruitment Pipeline & Candidate Management Platform

[\[Live Demo\]](#) [\[GitHub\]](#)

- Designed a multi-tenant recruitment workflow application with dedicated, permission-isolated dashboards for hiring teams and candidates.
- Built an interactive candidate pipeline tracker facilitating real-time status transitions (Applied → Screening → Interview → Offer).
- Hardened security architecture with signed JWTs, bcrypt password encryption, and strict CORS configuration to secure applicant data.

ACHIEVEMENTS & LEADERSHIP

- 200+ Algorithmic Problems Solved:** Active competitive problem solver on LeetCode & GeeksforGeeks, solving complex challenges across Dynamic Programming, Graph Theory, and Tree Data Structures.
- Hackathon Team Lead (SKITM Innothon):** Led a 4-engineer development team to design, architect, and pitch a live full-stack prototype in a 24-hour sprint.
- Production Deployments:** Architected, containerized, and deployed 3+ live full-stack web platforms on Vercel and cloud environments with verified uptime.

EDUCATION

B.Tech in Computer Science & Engineering — SKITM (RGPV), Indore

2022 – 2026 | CGPA: 7.0 / 10

Class XII (Senior Secondary) — Vidhya Sagar Academy, MP

2021 – 2022 | Score: 90%
